Sugar Mountain Nursery History

Sugar Mountain Nursery is a small family owned business nestled in the beautiful Blue Ridge Mountains of North Carolina. Wayne and Molly Holden started this business in 1976, with a passion for plants, and a love of farming in this beautiful community they were born and raised in. They have three daughters, and their three husbands, who have all been a part of the family business, and eight grandchildren, several of which are working with the business now. They also have five greatgrandchildren, and consider family a blessing. Wayne Holden has been a NC Registered Landscape Contrator since 1976, and the Sugar Mountain Nursery crew has traveled the East Coast to install residential and commercial landscapes. Large Christmas trees are a specialty we take pride in as well, providing trees and lighting for NFL teams cities, and private resort communities all over the US. Check us out at sugarmtnnursery.com
